CLINICAL EVIDENCE & BIOSTATS · ICH E6/E9, EU MDR, EFSA & COSMETOVIGILANCE

PRISMA 2020 Literature, Biostatistics & Sequence QC Suite

Prepared by: Kaled Bouchagraoui
Deliverables: Vancouver Word Dossier + 4-Sheet Excel + Table 1

This 1-page specification covers regulatory-ready evidence workflows for biotech sponsors, CROs, boutique RA consultancies, dermo-cosmetics R&D, nutraceuticals, and veterinary pharma: live PubMed/Europe PMC PRISMA 2020 synthesis, ICH E6/E9 cohort cleaning and Table 1 statistics, and NCBI RefSeq transcript QC.

01 · PubMed & EPMC

Queries NCBI Entrez and Europe PMC REST registries with full-record logs for CER, IB, EFSA, and EU Reg 1223/2009 files.

02 · PRISMA 2020 Math

Enforces strict arithmetic conservation across identified, duplicate, screened, excluded, and included study counts.

03 · Trial EDA & Table 1

Applies auditable ICH E6(R2) cleaning logs, arm-stratified summaries, and Welch t / Chi-square baseline tests.

04 · RA Dossier Output

Exports Vancouver-cited Word tables, 4-sheet Excel workbooks with clickable DOIs, 300-DPI PRISMA figures, and sequence QC.

DELIVERABLE COMPONENTS & REGULATORY STANDARDS COVERED

Systematic Literature & PRISMA 2020 Review	PMID/DOI deduplication, recency filtering, exclusion tracking, 300-DPI PRISMA flowchart, and Word/Excel CER, EFSA & CTD deliverables.
Clinical Trial Data Management & ICH E9 Table 1	Deterministic CDISC-aligned codelist mapping, auditable cleaning row-count trail, baseline Table 1 summary, and biomarker figures.
Genomic & Reference Sequence QC	Versioned NCBI Entrez mRNA retrieval, ambiguity-aware GC metrics, 3-frame ORF detection, and ALCOA+ accession logs.
RA Operations & eCTD Cross-Check	Optional upstream R&D/CMC SLA gatekeeping, agency guidance drift monitoring, and Module 1-5 N-count consistency linting.

Standard Deliverable & QA Scope: Fixed-fee pilot packages deliver full screening traceability from raw database hits to a landscape Word evidence dossier, a 4-sheet Excel screening matrix with yellow QA verification highlights, 300-DPI PRISMA flow diagrams, plus SOP-ready cohort cleaning logs and Table 1 workbooks.
